

Jacket O-Tools Expedition M

DIVING, MARINE AND RESCUE

The jacket is equipped with 7 different internal and external pockets for everything you need on hand during an expedition and every day. A jacket ideal for stormy days. The sleeves and bottom of the jacket have reinforcements from professional melco tape, which also protects against abrasion and soaking. On the left sleeve there are special Velcro, to which you can attach any emblems with the name or logo. Insulation Thinsulate 3M type P provides thermal comfort and lightness and is easy for wash and use.
